

Spring Crane Viewing on  
Monte Vista National Wildlife Refuge

**Feeding Ares:** Refuge Farm Fields and private grain fields near the Refuge, sunrise to 10a.m. and 4 p.m. to sunset. Some field are more active than others.

**Loafing Ares:** Wet meadows, and a variety of other habitats from 10 a.m. to 4p.m.

**Roosts:** Places to view cranes entering and leaving roosts (sunrise and sunset)

We hope you enjoy viewing cranes in the San Luis Valley. **Please remember crane roosts are closed to the public to protect the birds, and the Refuge opens at sunrise and closes at sunset.**
